It was a beautiful LBI summer evening made even more perfect when guests were greeted by a long farm table filled with gorgeous flowers, vintage linens, and silver—a stunning candleabra all set under strands of market lights. Rustic lanterns were placed throughout the courtyard for additional lighting and ambiance. In one corner, an eclectic seating vignette combined vintage and modern pieces, and served as a great photo op for guests as well as separate conversation area. A mix of formal and unconstructed flower arrangements added beauty everywhere your eyes fell.

No need for a bartender with creative and beautifully displayed cocktail favorites from the bride and groom to be. Guests dined on a simple yet elegant menu from Blue Water Cafe, including artisanal cheese plates, Milano salad, lobster, garlic mashed potatoes and show-stopping gelato.

As the evening came to a close, glasses and spirits were raised while family and friends toasted their love and well wishes for Katie and Daniel... A perfect ending to a perfect evening.
